17:30 hrs.: Network reception.

Health - FP7 calls for Life Sciences now open

FP7 is the short name for the Seventh Framework Programme for Research and Technological Development. This is the EU's main instrument for funding research in Europe and it will run from 2007-2013. FP7 is also designed to respond to Europe's employment needs, competitiveness and quality of life. On July 30 2009, the European Commission opened several calls within the theme Health. To improve your chances when applying, you can attend the [Basic Training Life Sciences in FP7](#) which will be held on September 24 2009. Deadlines for the calls depend on the theme.
